# Tonga School Certificate

## 2018

### Economics

#### Question and Answer Booklet

**Time Allowed:** 3 Hours

**INSTRUCTIONS:**

1. Write your **Student Enrolment Number** (SEN) on the top right hand corner of this page.
2. This paper consists of **THREE SECTIONS** and is out of 70 Skill Level.

<table>
<thead>
<tr>
<th>SECTIONS</th>
<th>Topics</th>
<th>Total Skill Level</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>Resource Allocation via the Market System</td>
<td>36</td>
</tr>
<tr>
<td>B</td>
<td>Resource Allocation via the Public Sector</td>
<td>5</td>
</tr>
<tr>
<td>C</td>
<td>Aggregate Economic Activity and Policy</td>
<td>29</td>
</tr>
<tr>
<td><strong>TOTAL</strong></td>
<td></td>
<td><strong>70</strong></td>
</tr>
</tbody>
</table>

3. Answer ALL QUESTIONS. Write your answers in the spaces provided in this booklet.
4. Use a **BLUE** or **BLACK** ball point pen only for writing. Use a pencil for drawing if required.
5. If you need more spaces for answers, ask the supervisor for extra paper. Write your **Student Enrolment Number** (SEN) on each addition sheet, number the questions clearly and insert them in the appropriate part of your booklet.
6. Check that this booklet contains pages 2-19 in the correct order and that none of the pages is blank.

**YOU MUST HAND IN THIS BOOKLET TO THE SUPERVISOR AT THE END OF THE EXAMINATION.**
SECTION A: RESOURCE ALLOCATION VIA THE MARKET SYSTEM

QUESTION ONE: Basic Economic Concepts

*Study Diagram 1 below and answer question 1.*

**Diagram 1**

1. Describe the relationship between the economic concepts illustrated in **Diagram 1**.

______________________________________________________________________
______________________________________________________________________
______________________________________________________________________
______________________________________________________________________

2. Explain how specialization is being applied in Jackie’s situation as described above.

Jackie has always had an interest in designing and regularly making her own clothes. She aims to set up her own business in Nuku‘alofa. She has started working in an established fashion house to learn more about designing clothes.

QUESTION TWO: Demand

1. Study the graph given below and answer the questions that follow.

![Graph One: James Demand Curve for Beef Hamburger](image)

a. Describe what happened in **Graph One**.

______________________________________________________________________
______________________________________________________________________
______________________________________________________________________
______________________________________________________________________
______________________________________________________________________
______________________________________________________________________

b. Give **TWO** (2) factors that could have affected James demand for Beef Hamburger.

**Factor 1:**

______________________________________________________________________
______________________________________________________________________
______________________________________________________________________

**Factor 2:**

______________________________________________________________________
______________________________________________________________________
c. Explain how one of the stated factors in (b) affects the situation of the demand curve illustrated in **Graph One**.

______________________________________________________________________

______________________________________________________________________

Skill level 1

| 1 | 0 | NR |
2. Use the information given below to answer questions (a) and (b).

John and Anne are a young couple who have been living with John’s parents. John works as a kitchen hand, earning $260 a week, and Anne earns $100 a week as a babysitter. After a few months, they have decided to move into a flat which cost $200 per week. They started to realize the amount of expenses that they would have to pay. Therefore, they asked the Budget Advisory Service for help.

a. Define budget.

b. State ONE (1) importance of budgeting on protecting John and Anne finances.
QUESTION THREE: Supply

1. Use the information given below to answer question (a) and (b).

Businesses in Tonga may have a number of goals. As an alternative to the profit goal, some producers may aim at sales maximization.

a. State ONE (1) goal of producers apart from profit and sales maximization.

______________________________________________________________________
______________________________________________________________________
______________________________________________________________________
______________________________________________________________________

b. Sales maximization is one of the main goals of firms. Describe what this means.

d. The production of cars illustrated in the picture is considered an example of Secondary Industry.
With reference to a local example of Secondary Industry in Tonga, analyze (critically) the significant contributions of Secondary Industry towards Tonga’s economic growth.
QUESTION FOUR: Market

1. Use the statement given below to answer questions (a) and (b).

There are many commodities and services bought and sold in different types of market in Tonga’s economy.

a. State ONE (1) type of market.

______________________________________________________________________
______________________________________________________________________
______________________________________________________________________

b. Describe the stated type of market in (a).

______________________________________________________________________
______________________________________________________________________
______________________________________________________________________
______________________________________________________________________

2. Study Graph Two given below and answer the questions that follow.

![Graph Two: Market Demand and Supply Curve](image)

a. Define excess demand.

______________________________________________________________________
______________________________________________________________________
______________________________________________________________________
b. Describe the type of price control illustrated in **Graph Two** at price \( P_c \).

c. Give **TWO** (2) examples of essential goods that the government would place the controlled price \( P_c \) on.

**Example 1:**

**Example 2:**

SECTION B: RESOURCE ALLOCATION VIA THE PUBLIC SECTOR

QUESTION FIVE: Government
Study the excerpt given below and answer the questions that follow.

Press Release: Government of Tonga Fiscal Strategy
The Government of Tonga is committed to provide the highest quality of public good and services. This target has been developed based on robust economic modeling within the Ministry of Finance and National Planning which has taken into account the possibility of shocks such as natural disasters happening in the future.

Ministry of Finance and National Planning, 2nd March, 2017

Source (adapted): http://www.finance.gov.to/?q=article/government-tonga-fiscal-strategy

a. Define public goods.

b. Give TWO (2) examples of public goods in Tonga’s economy. (similar to page 10)

Example 1:

Example 2:

c. Describe the main role of the Ministry of Finance and National Planning.

QUESTION EIGHT:  Economic Issues

1. Carefully read the article below and answer questions (a) to (c).

**Rising Unemployment: A major concern for Tonga.**

The Tongan government hopes to combat this economic issue by trying to increase the number of workers from the kingdom being allowed to Australia each year. The Tongan Minister of Internal Affairs is working with the Australian Broadcasting Corporation to find work placement in Australia under the country’s Pacific Harvest Scheme. According to the Minister of Internal Affairs, there are more than 1000 applicants who prefer to work in Australia.

*Source (adapted): [http://matangitonga.to/1999/02/07/how-can-tongan-economy-recover-how-can-moreyouth-be-employed](http://matangitonga.to/1999/02/07/how-can-tongan-economy-recover-how-can-moreyouth-be-employed)*

a. Define unemployment.

b. State the type of unemployment that is described in the article above.
c. Use your own knowledge and information from the article to evaluate the current conditions of unemployment in Tonga’s economy. In your answers, you should:

- Describe the current condition of unemployment in Tonga.
- Explain the causes and effects of the current situation of unemployment on EITHER family, community or government.
- Suggest ONE (1) possible solution for the stated causes of unemployment in Tonga.
2. Read the excerpt below and answer questions (a) and (b).

**New Zealand government aims at equity for all Tongan students.**

According to the New Zealand government, lifting standard in non-government schools in Tonga is a key goal of boosted education assistance to this country. New Zealand’s government will donate $9.9 million USD to Tonga over the next three years to improve education. The Ministry of Education and Training always favoured the government schools when allocating the resources. However, the New Zealand government is hoping to equally distribute the resources among the non-government and government schools in Tonga.

*Source (adapted): https://www.radionz.co.nz/international/pacific-news/155992/nz-government-aims-at-equity-for-all-tonga-students*

a. Define equity.

______________________________________________________________________
______________________________________________________________________
______________________________________________________________________

b. State **ONE (1)** situation described in the passage above that could cause inequity.

______________________________________________________________________
______________________________________________________________________
______________________________________________________________________
